

# Issues

- ▶ The next six months – up through the next meeting
- ▶ The special issues – the vision – the journal
- ▶ Data.
- ▶ Metrics.
- ▶ The meaning of a baseline.
- ▶ PPP versus MER.
- ▶ Impacts and adaptation.
- ▶ How to link global and regional models (e.g., through fuel prices, carbon prices, etc.).
  - Should it be quantities or prices or both or something else?
- ▶ How to bring in other national level objectives – security, other environmental issues (e.g., “green development”), development?
- ▶ Water, for example, and other constraints on action.
- ▶ Regional definitions.
